# Summary

Provide a concise summary of your project and findings here.

# Outline

- Business Problem
- Data
- Methods
- Results
- Conclusions

# Business Problem

Describe the business problem here

# Data

Describe relevant characteristics of your data here

# Methods

Describe the methods you used here. Can include data preparation, analysis, and/or modeling

# Results

Present the results of your analysis or modeling here. Should include evaluation of how well your results solve the business problem.

# Conclusions

Present your conclusions about the project here. Can include business recommendations, project limitations, and/or future improvement ideas

# Thank You!
